## *Introduction of Storage Tank Manufacturer*

- ❖ Storage Tank Manufacturer
- ❖ Storage Tank in India
- ❖ Industrial Storage Tank
- ❖ Industrial Water Storage Tank
- ❖ Areas We are Expert in

**Arvind anticor Ltd.**

## *Storage Tank Manufacturer*

Arvind Anticor Limited is one of the principal **Storage tank manufacturer** in India engrossed in the manufacturing and exporting of plastics storage tanks that adhere with the International quality norms. These products are fabricated from supreme grade thermoplastic polymer like poly-propylene, HDPE, FRP etc. They are hugely esteemed & demanded in the International market due to their aspects such as Corrosion & erosion resistance, safe storage, 100% drip and leak proof, Heavy-duty, venting system equipment for acid fumes, Weld-less Bottom Radius etc.

**Arvind anticor Ltd.**

## *Storage Tank in India*

We are the proficient manufacturer and supplier of **storage tank in India**. Our excellent variety of products are enormously demand in diverse Industries not only in India but also in the international market. This is for the reason that we utilize Butt Fusion Welding technology for producing our complete array of **storage Tank**. Apart from that our products are renowned for their durability as well as cost efficiency and need minimal maintenance. They are reasonably priced.

### Features:

- need minimal maintenance
- cost efficient
- reasonably priced

**Arvind anticor Ltd.**

## *Industrial Storage Tank*

We are the principal manufacturers of **Industrial storage tank** of diverse material like high quality HDPE, PP & FRP etc and are offered in an assortment of shapes like Square, Rectangular, Cylindrical, Vertical, Horizontal, Conical shape etc. We also customized them as needed by our clients. They are prepared with Weld-less Bottom Radius to avert leakage, completely. Our robust tanks also contain Eco Friendly Fume Extraction System. They are ideal for static storage, transportation and for processes like mixing and separation of raw material.

### Features:

- Reliable
- high quality
- Zero leakage

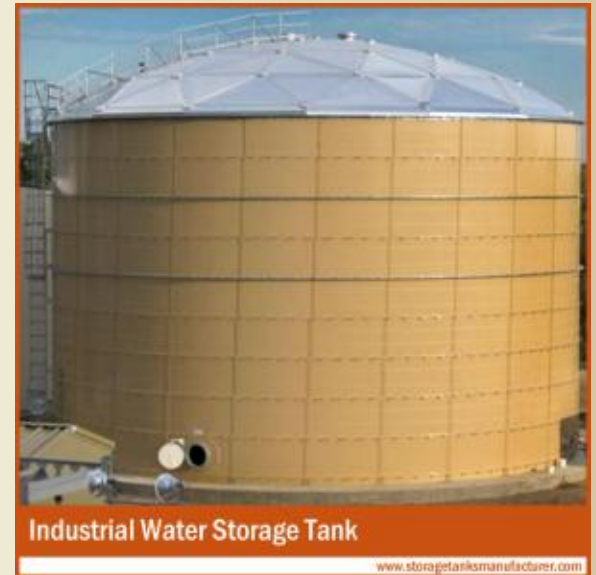

**Arvind anticor Ltd.**

## *Industrial Water Storage Tank*

We manufacture a wide range of premium quality Industrial water Storage Tank, as per the demands of our valued customers. These tanks are accurately engineered as per the industrial norms. Although they are used for water storage they can store any liquid constituents like petrol, diesel, acid, alkali, and hazardous chemicals etc, because they are resistant to corrosion. We customize these tanks precisely and offer at reasonable rates.

### Features:

- Versatile usage
- resistant to corrosion
- accurately engineered

**Arvind anticor Ltd.**

## Areas We are Expert in

Storage Tank Manufacturer
Storage Tank in India
Industrial Storage Tank
Industrial Water Storage Tank
Liquid Storage Tank
Plastic Chemical Tank
Plastic Storage Tank
Square Storage Tank
Chemical storage Tank
Horizontal Storage Tank
